

Team 15: Minutes of Meeting

Date: 15th April 2024 – Client meet 10

What we have shown:

1. We showed the dummy notifications sent to the mobile when the app loads.
2. We showed the updated Alert Messages when the Authentication fails in the login page.
3. We also showed the Attendance page of a student for all the previous semesters according to the user selection in the Application.
4. We finished the Transcript screen with dummy data for a student.

Future Tasks:

1. Finish the Notifications feature with actual leave application requests and bank status changes.
2. Modify the styling of the Attendance page.
3. Update Sidebar and the About Page.

Feedback from client:

1. Update the conditional Rendering in the dashboard of the profile section for the students and staff and display the values only present for the respected user.
2. Figure out the file upload in the leave application and add a bank details page.
