

Team 15: Minutes of Meeting

Date: 4 February 2024 – Client meet 6

What we have shown:

1. Presented the latest developments, focusing on styling enhancements and the addition of edit buttons in forms.
2. Discussed future plans, outlining our intention to delve into API-related tasks in the upcoming phases.
3. Highlighted our commitment to addressing the client's feedback from the previous meeting, specifically concentrating on backend functionality

Future Tasks:

1. Agreed to prioritize backend functionality and ensure its seamless integration with the frontend.
2. Planning for API development and data transmission optimization remains on the agenda for the upcoming weeks.

Feedback from client:

1. Client expressed satisfaction with the visual improvements and appreciated the attention to detail in styling.
2. Emphasized the importance of maintaining a strong focus on backend functionality to enhance overall system performance.
3. No major concerns raised, and the client commended the team's responsiveness to previous feedback.
